

**One-Week National Level
Faculty Development Program (FDP) on
“Generative AI and Advanced Tools for
Academic Research”**

Organized By:
Scrollwell

Date: September 23 - 29, 2024
Time: 06:00 PM - 07:00 PM

ONLINE MODE - ZOOM VIDEO CONFERENCING

About *Scrollwell.*

Scrollwell is a dynamic and emerging organization in the education sector, dedicated to strengthening the education system and providing expertise in live training for professional development. Our commitment to excellence is reflected in our successful series of Faculty Development Programs for Digital Literacy, which have reached over 44,850 faculties from July 2020 to July 2024.

At Scrollwell, we recognize the challenges posed by teachers in the digital era, and our team of experts is dedicated to equipping educators with the latest knowledge and skills to deliver effective education. Our training programs are meticulously designed to cater to the diverse needs of professionals and learners, covering themes such as Engineering, Education, Start-up, and Entrepreneurship.

Our mission is to bridge the technological gap in education and empower those who shape the future.

We are recognized by esteemed organizations including **Startup India, MSME and Skill India Supported by Start-up Bihar** and the Centre for Innovation, Incubation & Legal Entrepreneurship, Chanakya National Law University, Patna.

TOPICS TO BE COVERED

Introduction to AI in Academic Research

Introduce foundational concepts of AI and its applications in academic research.

- Overview of AI and its significance in research.
- Exploration of AI's role in advancing research methodologies and outcomes.
- Discussion on how AI is transforming various academic disciplines.

Expected Outcome: Participants will gain a foundational understanding of AI's role in academic research and its potential impact on their specific fields of study.

Utilizing ChatGPT and Other Tools in Research

Explore the practical applications of AI tools like ChatGPT in academic research.:

- Demonstration of ChatGPT for generating research ideas, refining research questions, and assisting in literature reviews.
- Introduction to additional AI tools: LitMaps, Research Rabbit, Elicit, R-Discovery, Scholarcy, and Prism.
- Practical insights into how these tools can streamline research processes.

Expected Outcome: Participants will be able to utilize AI tools in their research effectively, enhancing their research efficiency and creativity.

Sessions: Application of Research-Based AI Tools

Provide practical experience in using AI tools for academic research.

- Step-by-step guidance on leveraging AI tools for data analysis, interpretation, and other research processes.
- Interactive sessions where participants apply AI tools to their own research projects.
- Group discussions to share experiences and insights on integrating AI into research.

Expected Outcome: Participants will develop hands-on experience with AI tools and techniques, enabling them to apply these skills to their ongoing and future research projects.

Research Paper Writing Using MS Word

Equip participants with the skills to effectively write and format research papers using MS Word.

- Detailed guidance on formatting research papers according to various style guides.
- Techniques for writing clear and concise abstracts, introductions, and conclusions.
- Practical exercises on using MS Word's features for document formatting, citation management, and table of contents generation.

Expected Outcome: Participants will gain proficiency in using MS Word for writing and formatting research papers, ensuring adherence to academic standards.

Topics to be covered

Reference Management

Introduce participants to reference management tools and techniques for efficient citation and bibliography creation.

- Overview of popular reference management software (e.g., EndNote, Zotero, Mendeley).
- Best practices for organizing and managing research references.
- Automating bibliography and citation processes in research papers.

Expected Outcome: Participants will be able to efficiently manage their references, enhancing the accuracy and consistency of citations in their research.

Session: Ethical Dilemmas in AI-Driven Research

Address the ethical considerations associated with AI in academic research.

- Discussion on the ethical implications of AI, including issues of bias, fairness, and transparency in AI algorithms.
- Exploration of ethical dilemmas and best practices for responsible AI use in research.

Expected Outcome: Participants will understand the ethical challenges in AI-driven research and will be equipped to approach their research with a heightened awareness of ethical considerations.

Session: AI for PPT Generation

Explore how AI can revolutionize the way presentations are created by automating and enhancing the design process.

- Introduction to AI-Driven Presentation Tools: Overview of AI tools for creating professional PowerPoint presentations.
- Techniques for AI-Powered Content Generation: How AI generates content for slides, including text, images, and layouts.
- Hands-On Demonstration: Live demo of creating presentations using AI tools.

Program Fee: INR 500/- + Applicable GST

Scrollwell Advantage

Intuitive & Detailed Explanations

"Inspiring lectures with clear, concise, and engaging explanations."

HD Videos + Crystal Clear Audio

"High-quality videos with clear audio for optimal viewing experience."

Practice Exercises, Real-Time Feedback

"Improve skills with interactive exercises and instant feedback."

Lifetime Access, Pocket Friendly

"Long-term value with budget-friendly options for continued access."

Project-based learning

"Hands-on learning through practical projects and real-world application."

Completion Certificate

"Official recognition of completion for added credibility and motivation."
