About
Scrollwell.

Scrollwell is a dynamic and emerging organization in the education sector, dedicated to strengthening the education system and providing expertise in live training for professional development. Our commitment to excellence is reflected in our successful series of Faculty Development Programs for Digital Literacy, which have reached over 44,850 faculties from July 2020 to July 2024.

At Scrollwell, we recognize the challenges posed by teachers in the digital era, and our team of experts is dedicated to equipping educators with the latest knowledge and skills to deliver effective education. Our training programs are meticulously designed to cater to the diverse needs of professionals and learners, covering themes such as Engineering, Education, Start-up, and Entrepreneurship.

Our mission is to bridge the technological gap in education and empower those who shape the future.

We are recognized by esteemed organizations including **Startup India, MSME and Skill India Supported by Start-up Bihar** and the Centre for Innovation, Incubation & Legal Entrepreneurship, Chanakya National Law University, Patna.

Goa College of Home Science, Goa

The Goa College of Home Science (GCHS), established in July 1988 and centrally located in Campal, Panaji – Goa, is the only undergraduate institution in the state offering a Bachelor of Science (Hons.) in Home Science. With the implementation of the National Education Policy (NEP) 2020 in Goa from the academic year 2023-2024, the programme has been extended to four years, allowing students to choose a major specialization starting in their second year. This undergraduate programme aims to provide holistic education across various specialization streams, including Food, Nutrition and Dietetics; Textiles and Fashion Studies; Human Development and Family Studies; Extension and Communication Management; and Family Resource Management, equipping students with the skills needed for careers or higher studies in their chosen fields. The College, funded by the State Government and affiliated with Goa University, also places strong emphasis on sports and extracurricular activities. Unique student-led initiatives, such as the Stress Buster Club, the Rotaract Club, the Yuva Tourism Club, and the Nature Club, form an integral part of campus life.

Vision: Cultivating Erudite Community Builders

Mission: To ensure all round development of students, by instilling in them the Institute's core values of innovation, excellence and discipline with a thrust on being self-reliant and responsive to the changing trends in Industry and Society.

OVERVIEW OF FDP

This 3-day National Level Online Faculty Development Workshop on "Using AI Intelligently in the Classroom" aims to equip educators with cutting-edge AI tools and strategies to revolutionize their teaching practices. The workshop focuses on empowering teachers with innovative solutions to enhance student engagement, personalize learning experiences, and optimize classroom instruction through AI technologies.

Objectives of the 3-Day National Level FDP on "Using AI Intelligently in the Classroom":

Equip educators with AI integration skills:
Train faculty to seamlessly incorporate AI tools into teaching methods, enhancing instructional efficiency and engagement through hands-on practice.

Enhance faculty's ability to utilize AI for personalized learning and lesson planning:
Enable educators to design adaptive lesson plans that cater to diverse learning styles, improving individual student engagement and success.

Enable participants to create visually engaging presentations using AI tools:
Teach faculty to craft dynamic presentations using AI-driven visuals and multimedia, making complex concepts more engaging and easier to understand.

Introduce AI-driven educational games and apps to foster immersive learning:
Familiarize educators with AI-powered games and apps that personalize learning experiences, making education more interactive and student-centered.

Foster the ability to adapt AI technologies to improve student engagement and outcomes:
Equip faculty to use AI for tracking progress and providing feedback, optimizing teaching strategies for better student engagement and academic performance.

Focused Audience: This FDP is going to be immensely beneficial to faculty of all levels and in different disciplines. After completing this program, faculty will be able to Efficiently Manage and Evaluate Assignments, Tests, assigned work and Student Reports. Educate and Engage Students classes online with live Classes.

Mode of Delivery: Resource Persons will deliver lectures in interactive mode and conduct hands-on sessions in workshop mode through Zoom Video Conferencing platform.

Confirmation of Participation: On receipt of registration, participants will be sent confirmation of their participation through email. Participation for this program is limited. Apply early to avoid disappointment.

Bonus: As a Bonus to this FDP, you will get the Recorded videos of the session, Learning Resources/Step by Step Guide, and helpful E-books for self-learning.

TOPICS TO BE COVERED

Day 1: Thursday, 3rd October 2024 - Teaching Using Generative AI

Discover how generative AI is revolutionizing education, from creating engaging learning experiences to facilitating efficient lesson planning and feedback mechanisms. This session will provide hands-on examples of how educators can use AI tools like ChatGPT to enhance their teaching methods.

Key Takeaways:

- Innovative AI-powered teaching tools and techniques
- Adapting content to student needs using AI
- Efficient AI-assisted lesson planning for diverse learning styles
- Using AI for research, assignment writing, and feedback

Day 2: Friday, 4th October 2024 - Mastering the Art of Designing Presentations with AI

Learn how to design visually appealing and impactful presentations using AI tools that integrate design principles, storytelling, and multimedia elements to communicate ideas effectively.

Key Takeaways:

- Principles of design and storytelling in presentations
- Data visualization techniques for impactful communication
- How AI can enhance presentations with dynamic visuals, infographics, and multimedia

Day 3: Saturday, 5th October 2024 - AI-Driven Educational Games and Apps

Explore the potential of AI-driven educational games and apps in creating personalized, interactive learning experiences. This session will focus on designing content for AI-powered platforms that adapt to students' learning styles and provide real-time feedback.

Key Takeaways:

- Understanding AI-driven educational games and apps
- Selecting suitable AI-driven apps for improved learning outcomes
- Creating engaging content for educational games

Program Fee: INR 300/- + Applicable GST

Scrollwell Advantage

Intuitive & Detailed Explanations

"Inspiring lectures with clear, concise, and engaging explanations."

HD Videos + Crystal Clear Audio

"High-quality videos with clear audio for optimal viewing experience."

Practice Exercises, Real-Time Feedback

"Improve skills with interactive exercises and instant feedback."

Lifetime Access, Pocket Friendly

"Long-term value with budget-friendly options for continued access."

Project-based learning

"Hands-on learning through practical projects and real-world application."

Completion Certificate

"Official recognition of completion for added credibility and motivation."
