Presents

10 Days Professional Development Course on "Google Certified Educator and Digital Teaching"

CALL FOR REGISTRATIONS

Date: February 17 - 26, 2025 | Time: 06:00 PM - 07:00 PM
Mode: Online (Zoom Video Conferencing)

Professional Development Course on "Google Certified Educator and Digital Teaching"

Overview: This Professional Development Course is a comprehensive initiative to empower educators, researchers, and academic professionals with advanced knowledge and practical skills in Google for Education tools, digital teaching, assessments, content creation, and AI-driven automation. They will also receive guided preparation for the Google Trainer Certification test. A short test will be conducted, and certificates will be awarded to those attending both the session and the test.

Key Highlights:

- **Comprehensive Curriculum**: A detailed schedule covering various topics, including AI applications in research, reference management, and presentation design.
- **Practical Learning**: Hands-on training with interactive, data-driven,& student-centered learning
- **Collaborative Learning**: Opportunities for group projects, presentations, and discussions to enhance peer learning.
- **Final Assessment**: A comprehensive test on Day 10 to evaluate the knowledge and skills gained throughout the FDP.

Focus Areas

- Google Tools Mastery
- Digital Assessments & Data Management
- Interactive Teaching & Collaboration
- Virtual & AI-Powered Learning
- Google Trainer Certification Preparation

Outcome

Participants will leave the FDP with:

- Master Google for Education tools for teaching, collaboration, and content creation.
- Design digital assessments and analyze student performance effectively.
- Enhance virtual teaching with Google Meet, YouTube, and AI-powered tools.
- Prepare for Google Trainer Certification with test guidance and expert support.

Scrollwell

Topics to be covered:

1. Introduction to Google for Education & Trainer Certification

- Overview of Google tools for teaching and learning.
- Understanding the Google Certified Trainer program.
- Benefits of certification for educators.

2. Google Classroom for Digital Teaching & Learning

- Setting up and managing Google Classroom.
- Assignments, grading, and real-time feedback.
- Enhancing student engagement with digital tools.

3. Google Drive & Docs for Collaborative Content Creation

- Organizing and sharing educational content.
- Real-time collaboration on lesson plans and research papers.
- Using Google Docs for interactive teaching.

4. Google Forms for Digital Assessments & Feedback

- Creating quizzes, surveys, and feedback forms.
- Automating grading and analyzing student responses.
- Integrating Forms with Sheets for data tracking.

5. Google Sheets for Data Management & Performance Tracking

- Managing student data with sorting and filtering.
- Using formulas and pivot tables for performance analysis.
- Automating grade calculations and progress reports.

6. Google Slides for Engaging Presentations & Interactive Lessons

- Designing visually appealing and interactive slides.
- Embedding videos, animations, and quizzes.
- Using AI tools for automated slide creation.

7. Google Sites for Educational Portals & Course Websites

- Building and customizing educational websites.
- Embedding resources like assignments, quizzes, and videos.
- Creating student portfolios and digital handbooks.

8. YouTube for Educators – Enhancing Video-Based Learnings

- Setting up an educational YouTube channel.
- Creating and managing interactive video lessons.
- Embedding YouTube videos in lesson plans.

9. Google Meet for Virtual Classrooms & Online Collaboration

- Conducting live virtual classes with interactive features.
- Using breakout rooms, polls, and Q&A for engagement.
- Recording and sharing class sessions.

10. AI-Powered Google Tools for Teaching & Automation

- Using AI for lesson planning and content creation.
- Automating emails, feedback, and quizzes with AI.
- AI-driven personalization for student learning paths.

11. Google Trainer Certification Preparation

- Understanding exam structure and key topics.
- Practicing test questions with guided explanations.
- Tips and strategies for passing the certification test.

12. Final Learning Outcome Test & Certification

- A short assessment to reinforce key learning points.
- Practical application of Google tools in real-world scenarios.
- Certification for participants attending both sessions and the test.
