FDP on "Innovative Teaching Strategies and Tools in the Digital Age"

Overview of FDP: Immersive Faculty Development Program (FDP) designed to equip educators with the essential skills and knowledge needed to excel in the modern educational landscape. Over the course of our comprehensive program, participants will delve into innovative teaching strategies and cutting-edge tools tailored for the digital age. Through dynamic workshops, hands-on activities, and expert guidance, educators will not only enhance their pedagogical practices but also harness the power of technology to create engaging and effective learning experiences for their students.

Key Highlights:

- **Comprehensive Curriculum**: A detailed schedule covering various topics, including AI applications in research, reference management, and presentation design.
- **Ethical Considerations**: Emphasis on the ethical use of AI in academic settings.
- **Collaborative Learning**: Opportunities for group projects, presentations, and discussions to enhance peer learning.
- **Final Assessment**: A comprehensive test on Day 14 to evaluate the knowledge and skills gained throughout the FDP.

Focus Areas

- Interactive Teaching Techniques
- Dynamic Content Creation
- Self-Paced Learning Design
- Efficient Evaluation & Feedback
- Ethical Use of AI in Academia

Outcome

Participants will leave the FDP with:

- Enhanced skills in using AI for research and academic administration.
- A deeper understanding of AI tools and technologies applicable in educational settings.
- Practical experience in managing academic projects and data with AI assistance.
- Greater confidence in incorporating AI into their academic and professional workflows.

Topics to be covered:

1. **Pedagogical Innovations for Interactive Learning:** Focus on modern teaching techniques that promote engagement and interaction in the classroom, benefiting both students and educators.
2. **Creating Interactive Course Content:** Utilize free online tools to develop course materials that are dynamic and engaging, encouraging active participation from learners.
3. **Designing Self-Paced Learning Courses:** Learn strategies for creating courses that allow students to learn at their own pace, catering to different learning styles and promoting autonomy.
4. **Implementing Live Engagement Tools:** Discover how to use live polls, quizzes, and Q&A sessions to foster real-time interaction and assessment, creating a collaborative learning environment.
5. **Integration of Multimedia Elements:** Explore methods for incorporating multimedia elements into teaching materials to enhance understanding and retention.
6. **Enhancing Presentations with Free Tools:** Utilize various free tools and resources to improve the quality and interactivity of presentations, effectively conveying complex ideas.
7. **Secure Test and Examination Management:** Acquire skills for conducting tests and exams securely in digital environments while maintaining academic integrity.
8. **Efficient Evaluation and Feedback:** Learn techniques for creating quizzes, generating class reports, and providing timely feedback to students, promoting continuous improvement.
9. **Advanced Microsoft Office Skills:** Master the use of Microsoft PowerPoint and explore additional tools and add-ons to streamline content creation.
10. **Optimizing Google Classroom:** Discover how to maximize the functionality of Google Classroom for task assignment, resource distribution, and student communication, enhancing organization and efficiency.
11. **Productivity Hacks with Microsoft Word:** Explore ways to enhance productivity and collaboration on academic projects using Microsoft Word and its features.
12. **Streamlining Administrative Tasks:** Learn strategies for bulk report card and certificate generation, as well as utilizing add-ons to streamline administrative tasks and increase productivity in online teaching environments.

Day to Day Schedule

Date	Day	Session/Topic
April 01	Day 1	**Pedagogical Innovations for Interactive Learning**
		Explore modern teaching techniques to enhance classroom engagement and interaction.
April 02	Day 2	**Creating Interactive Course Content**
		Utilize free online tools to develop dynamic course materials that promote active learning.
April 03	Day 3	**Implementing Live Engagement Tools**
		Use live polls, quizzes, and Q&A sessions to encourage real-time interaction and assessment.
April 04	Day 4	**Integration of Multimedia Elements**
		Incorporate multimedia elements into teaching materials to improve understanding and retention.
April 05	Day 5	**Secure Test and Examination Management**
		Learn techniques for conducting secure digital assessments while maintaining academic integrity.
April 06	Day 6	**Optimizing Google Classroom & Microsoft Tools**
		Maximize the functionality of Google Classroom and Microsoft Office for efficient teaching and collaboration.
April 07	Day 7	**Streamlining Administrative Tasks**
		Discover strategies for automating tasks like bulk report card and certificate generation to boost productivity.

Focused Audience:

This FDP is going to be immensely beneficial to faculty and research scholars of all levels and in different disciplines.

Mode of Delivery:

Resource Persons will deliver lectures in interactive mode and conduct hands-on sessions in FDP mode through Zoom Video Conferencing platform.

Confirmation of Participation: On receipt of registration, participants will be sent confirmation of their participation through email. Participation for this program is limited. Apply early to avoid disappointment

Scrollwell

Learning Outcome Test: A short learning outcome test will be conducted after the session to revise what is learned. Certificates will be shared to participants attending both the session and the test.

Bonus

As a Bonus to this FDP, you will get the Recorded videos of the session, Learning Resources/Step by Step Guide, and helpful E-books for self-learning.
