5 Days FDP on Generative AI for Healthcare Professionals

The Faculty Development Program on Generative AI for Healthcare Professionals is designed to equip medical practitioners, faculty members, and researchers with practical knowledge of how to effectively use AI tools in their daily professional work. As healthcare continues to evolve with technology, this program focuses on enabling participants to leverage Generative AI for improving clinical documentation, enhancing research productivity, and supporting medical education. The course is completely non-technical in nature, ensuring that even those without prior experience in AI or coding can easily understand and apply the concepts through hands-on learning and real-world use cases.

Key Highlights:

- Live interactive sessions with practical exposure
- Focus on real-world implementation in healthcare workflows
- Enhancing clinical documentation and reporting efficiency
- Improving patient communication and information delivery
- Supporting research writing and academic productivity
- Application in teaching, assessments, and academic content
- Case-based and hands-on learning approach
- Emphasis on ethical and responsible usage
- E-Certificate of Completion and learning resources

Focus Areas:

- AI Integration in Healthcare Workflows
- Clinical Documentation & Communication Enhancement
- Research Productivity & Academic Writing Support
- Teaching & Academic Content Development
- Workflow Automation & Efficiency Improvement
- Ethics, Privacy & Responsible Implementation

Outcome – Participants will leave the FDP with:

- Clear understanding of AI applications in healthcare workflows
- Ability to improve efficiency in documentation and reporting
- Skills to enhance communication with patients and stakeholders
- Capability to support research and academic tasks effectively
- Practical knowledge of integrating AI into daily professional work
- Improved productivity through structured workflow optimization
- Awareness of ethical, legal, and responsible implementation

Star-Merit System

The Star-Merit System promotes consistent learning, accountability, and engagement, while providing faculty with clear metrics to support participants' success.

It evaluates individuals across key performance indicators—attendance, assignment completion, engagement, and overall participation—ensuring recognition is based on measurable, sustained effort.

Category	What It Means	Weight
Attendance	Are you showing up on time?	25%
Engagement	Do you participate in class?	25%
Assignments	Are you submitting good work on time?	30%
Activeness	Do you help others or take initiative?	20%

Scoring Method

Each area is rated on a scale of 1 to 5. Use this weighted formula:

Final Score =

$(\text{Attendance} \times 0.25) + (\text{Engagement} \times 0.25) + (\text{Assignments} \times 0.30) + (\text{Activeness} \times 0.20)$

Certificate of Completion
